ABOUT PATH

Your responses to PATH form the basis for this report. The report includes your responses to the seven dimensions of a healthy team. The goal of PATH is to give you a snapshot view of how you perceive the functioning of your team.

Just as physical health benefits from a regular checkup, so team health is enhanced when we periodically get a checkup. With periodic assessment the team is on the PATH to monitoring and maintaining team health.

SEVEN DIMENSIONS OF A HEALTHY TEAM

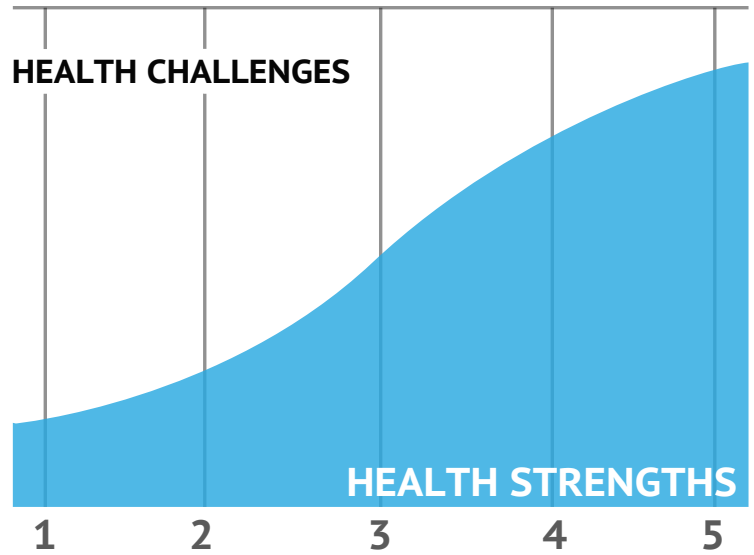

1. **TEAM COMMITMENT:** A team culture where members feel a strong commitment to the team.
2. **DIVERSITY:** A team culture that values diversity, which is measured in a number of different ways, most overtly in personality.
3. **COMMUNICATION:** A team culture where members have the ability to share, respond, critique, and receive feedback.
4. **CONFLICT RESOLUTION:** A team culture that creatively and constructively works through conflict toward appropriate resolution.
5. **LEADERSHIP:** A team culture where appropriate leadership is understood and exercised.
6. **DECISION MAKING:** A team culture where the team has the ability to identify, process, and implement decisions.
7. **TRUST AND OPENNESS:** A team culture of transparency, vulnerability, and safety.

Overall Team Average 4.2

Team health will vary depending on circumstances and because a team is a dynamic system. No team is ever completely healthy or completely unhealthy. There is always room to grow as a team and even the most dysfunctional of teams have strengths they can draw from.

Domain Radar Chart

This chart gives the unique shape of the teams health. Each axis corresponds with a domain of team health. The average shape is the overall team average. The high and low are the highest and lowest averages among the team members. Your coach will guide you in discussing things like divergence and outliers.

Scoring

- 4 – 5: the team is strong and teamwork is healthy.
- 3 – 4: the team is healthy, but there is room for improvement.
- 2 – 3: the team is functioning, but not healthy.
- 1 – 2: the team is not healthy and there is significant work to be done.
